OUR COMMITMENT TO SUSTAINABILITY

NETZero

OUR COMMITMENT TO A
SUSTAINABLE COMPANY

**We're aiming to become Net Zero
by 2035**

At Chiesi we believe in the importance of responsible consumption and production. That's why we made a bold commitment to reach Net Zero by 2035, anticipating the Paris Agreement target.

We are working to reduce our emissions in order to guarantee a sustainable future for generations to come.

*Redrawing the boundaries of traditional pharmaceuticals
through a new way of doing business.*

For us,
every innovation
starts with a human
inspiration.

A photograph showing two surgeons in blue scrubs and surgical masks performing a procedure on a patient. In the background, a monitor displays multiple green ECG or waveform traces. The surgeon on the left is looking towards the right, while the one on the right is focused on the task.

At Terumo Interventional Systems, we constantly **work to refine and perfect our products** so that interventionalists can do more. That is why we support great thinking that pushes back the boundaries of our field.

PUSHING BOUNDARIES

We are committed to **innovation that embraces intricacies and complexities**. Our exceptional tools and education programs empower physicians with the confidence they need to perform ever-more challenging procedures and spark progress.
